Featuring contributions from some of the world's most renowned cross-cultural management theorists and commentators, this breakthrough text explores the cross-cultural dynamics within organizations. The book examines the evolving role of cultural diversity in the workplace, the application of cultural comprehension to organizations, and the measurement of various aspects of intercultural competence.

"Though not directly concerning education, the text allows students to develop intercultural intelligence that can be applied to any field."--Roger W. Wiemers, Ed.D."Adoption Reply Card" (05/01/2009)"This text is an asset to any researcher or student of leadership who wishes to advance his or her understanding of the relationship between cultural competency and leadership. This book provides new perspectives on measuring intercultural competencies, assessing leadership within a multicultural context, and numerous examples of how organizations can lead in an evolving multicultural world."--Douglas Crawford (08/26/2009) "This text is an asset to any researcher or student of leadership who wishes to advance his or her understanding of the relationship between cultural competency and leadership.
