Martin D. Weiss : Crash Profits: Make Money When Stocks Sink AND Soar before purchasing it in order to gage whether or not it would be worth my time, and all praised Crash Profits: Make Money When Stocks Sink AND Soar:

2 of 3 people found the following review helpful. Same book, different title.By Barbara B.This book has a great deal of valuable advice and Martin Weiss is an extremely reliable expert. HOWEVER -- This is the EXACT SAME book as his previously published "Crash Profits." They simply changed the title! I can find absolutely no updated or new information in this one. There is a mention of this on the back cover but you normally only get to see that until you've bought the book.I really hate when publisher's do this!8 of 13 people found the following review helpful. The book to

open some eyes! By A Customer Very good book which tells of the corruption on Wall Street. It also tells about our governments accounting tricks, which make Enron look honest. The book is easily understood by those not well versed in economics, and should be read by anyone who is or will soon be on social security. 8 of 32 people found the following review helpful. Crash Profits By R. Neuman Truly a worthless book written by someone who has little insight into how the capital markets really work. Comments on high yield bond and guidance about which stock in your portfolio to sell demonstrated that the author is devoid to any true investment knowledge. My credentials to make the judgments: Certified Financial Planner, MBA Degree, fee based financial advisor.

Smart investing strategies from bestselling author and America's consumer advocate for financial safety Filled with against-the-grain attitude and seasoned market wisdom, Crash Profits explains not only how to survive, but how to make money before, during, and after a crash. Using real examples fresh from the financial pages, Weiss delineates the full range of risks facing the average American. He shows readers how to see through the lies that Wall Street tells and how to find safer alternatives to stock investing, as well as what to sell, how to sell, and when to sell (and when not to sell). Here's the unvarnished truth about investing today, coupled with the strategies every American can use to turn windfall profits while others are losing their shirts. Martin D. Weiss, PhD (Palm Beach, FL), is Chairman of Weiss Research in Palm Beach, Florida. His previous book, The Ultimate Safe Money Guide (0-471-15202-1), was a Wall Street Journal, BusinessWeek, and New York Times business bestseller

From the Inside Flap Secrets To Safely Growing Richer In Troubled Times From New York Times Business Bestselling Author Martin D.
