From Routledge : Critical Issues in Organizations (RLE: Organizations) (Routledge Library Editions: Organizations) before purchasing it in order to gage whether or not it would be worth my time, and all praised Critical Issues in Organizations (RLE: Organizations) (Routledge Library Editions: Organizations):

This collection highlights a number of directions in which organization theory could develop. It also argues the need for an historical analysis of the sociology of organizations. Other issues discussed are the ideological stance of contemporary organization theory and the limiting framework that tends to ignore the wider social context in which organizations exist.
