**Kathleen Garces-Foley : Death and Religion in a Changing World** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Death and Religion in a Changing World:

0 of 0 people found the following review helpful. Very Helpful  
By Jamie I needed this book for one of my college classes last semester. It was in great condition and I was able to use it to a great extent as far as it's relevancy to my class. The book itself is very interesting, it went into detail about different religions and their views on death and rituals they perform when someone dies or different rituals in their general culture.  
0 of 0 people found the following review helpful. easy read and informative  
By Lanell White Read for school, easy read and informative.  
0 of 0 people found the following review helpful. Super Fast!  
By Jessica Product arrived VERY quickly, which was unexpected! Awesome! I'd recommend this product to any student wanting a good deal on school books!

This comprehensive study of the intersection of death and religion offers a unique look at how religious people approach death in the twenty-first century. Previous scholarship has largely focused on traditional beliefs and paid little attention to how religious traditions evolve in relation to their changing social context. Employing a sociological approach, "Death and Religion in a Changing World" describes how people from a wide variety of faiths draw on and adapt traditional beliefs and practices as they deal with death in modern societies. The book includes coverage of newly emerging social and religious phenomena that are only just beginning to be analyzed by religion scholars, such as public shrines, the role of the media, spiritual bereavement groups, and the use of the Internet in death practices.
