Also, the templates provided on the CD-ROM are very helpful. For someone who hates dealing with numbers, this book simplifies the process of organizing my records and getting the most from the money I earn. Great cartoons at the beginning of each chapter!1 of 4 people found the following review helpful. Great book for everyoneBy A CustomerSo many times accounting and finance are terribly hard things for musicians to handle. This book makes it easy to learn and put into practice. I work with artist management and recommend this book to all of my management clients - even if they're not handling their own finances, they need to understand how everything works.4 of 5 people found the following review helpful. Needs to be revisedBy Heather WatersI wish I had looked at the pub date more carefully before ordering this book. FMFM hasn't been revised, so all

of the forms are outdated and therefore, useless. Some of the info is helpful, but who needs information that 6 years old?
