Ian Sadler : Logistics and Supply Chain Integration before purchasing it in order to gage whether or not it would be worth my time, and all praised Logistics and Supply Chain Integration:

For students who want to advance their understanding of company logistics and supply chains, the author examines how a number of firms in a supply chain work together to create a flow of products and services that satisfies end customers, whilst enabling all the manufacturing and service companies involved to grow profitably. Including the most recent concepts and theoretical advances to emerge from the field of logistics and supply chain management, this text informs and assists its readers with the aid of case studies and accompanying questions, diagrams, photos and an

accompanying website.
