**Maya Fisher-French : Maya on Money: Implement your money plan** before purchasing it in order to gage whether or not it would be worth my time, and all praised Maya on Money: Implement your money plan:

0 of 0 people found the following review helpful. maya nails it!By jeremyi really learnt a lot while reading mayas book on personal financeshe has a lot of integrity and expertise as a financial journalist and her advice is always soundthis book is written from a south african vantage point, which will be especially useful to south africans as we have different laws, tax system, regulations etc regarding personal finance considerations

Many books have covered the theory behind creating a financial plan and offer encouragement to do so, but this book goes a step further and offers practical advice on how to implement a money plan. The advice in this book is drawn from years of questions that people of all walks of life have asked Maya. She uses these real-life examples to provide indispensable information on budgeting, protecting your money, preparing for major life events, saving, spending, and transacting wisely.
