False advertising By DiorThe product description "Condition: Used - Very GoodA well-cared-for item that has seen limited use but remains in great condition. The item is complete, unmarked, and undamaged, but may show some limited signs of wear. Item works perfectly." The outside of the book was in good shape however there was writing in the book. I selected this particular book/seller because they stated that the book was unmarked and since this is a workbook, that particular attribute was important to me. I was disappointed to find that some of the workbook pages had been written on in blue ink pen.0 of 0 people found the following review helpful. Getting married? Perfect! I believe there are wonderful aspects that this workbook covers from a biblical perspective. But since we had already gone through premarital counseling with our Pastor we covered a lot of this material. I believe a better resource to invest in is his Financial Guide for Everyone Young Couple book

Larry Burkett summarizes his key insights into wise money management that come from more than twenty years of intense Bible study and experience in counseling thousands of financially troubled couples.
