Laura D. Adams : Money Girl's Smart Moves to Grow Rich: A Proven Plan to Taking Change of Your Finances (Quick Dirty Tips) before purchasing it in order to gage whether or not it would be worth my time, and all praised Money Girl's Smart Moves to Grow Rich: A Proven Plan to Taking Change of Your Finances (Quick Dirty Tips):

0 of 0 people found the following review helpful. Money Girl Just Makes CentsBy Jaime ShineI initially checked out

Money Girl's Smart Moves to Grow Rich from the library as I usually do. Then I realized that I had already taken pages of notes, and I wasn't even done with the first chapter. That's when I decided that I needed to buy, not borrow, this book because it had so much practical, easy-to-follow financial information. Instead of hiding behind confusing jargon, Money Girl boils finances down to what makes sense to someone who's not a CPA or finance major. I'm really looking forward to reading the remainder of this book and being proactive about my financial future. 0 of 0 people found the following review helpful. Wealth of InformationBy viragoThis book offered an inside view of how to increase, maintain and manage your finances. What I liked most about the book is that the point of view is coming from a woman to a woman. Love It. The author did an extraordinary job at breaking the information down and explaining step by step of how to do what is required to meet your goal. However, I would like to see an educational finance book published for women who are living in poverty with strategies on how to manage subsidized incomes and poor women's wages in an effort to rise out of poverty. 0 of 0 people found the following review helpful. ... in my 30's this would have changed my whole life like I did learn a lot and I have raised ...By CustomerThank you! I wish we had this book when I was in my 30's this would have changed my whole life I did learn a lot and I have raised my credit score by 100 points

Tired of worrying about your financial situation but aren't sure what to do or where to start? Stop stressing! No matter how much you earn (or how much you owe) you can take control of your money--and it won't be nearly as hard as you think.

From Publishers Weekly
In this back-to-basics personal finance guide from the host of the "Money Girl" blog and podcast on the Quick and Dirty Tips network, Adams walks her readers through the ins and outs of money sanity and practical solvency, while helping them create a richer life--both financially and emotionally. She addresses major money issues and strategies, such as changing your money mindset by addressing overspending and its psychological roots, and understanding investing concepts and mortgages; she also offers help with creating a financial plan, comparing banks, utilizing online financial tools, paying for education, saving more money, and planning for retirement. Adams's peppy tone and highly organized, sensible advice deliver a clear-cut plan for financial literacy. Though there's not much new, the Money Girl brand is powerful and should find an appreciative audience. (Jan.) (c) Copyright copy; Reed Business Information, a division of Reed Elsevier Inc.
