I was excited based on the book description and reviews, but really disappointed. Basically, the book offers a lot of personal stories as in: "Amy quit her job and started working on her writing, and with a lot of hard

work became successful." She does encourage you to do some thinking, but it all seemed so shallow. I needed to go deeper. Silly me, I didn't realize the author is a blogger, and of course she has her fan base (well-deserved, I'm certain.) But that would explain so many five-star reviews for such a mediocre book. I was expecting more practical advice and something deeper than what this book provided. 0 of 0 people found the following review helpful. Greatly appreciated the information and stories. By Cassandra I greatly appreciated this book. It was informative and inspiring! Crystal uses many stories from women, some who have had success, some who met a failed project, others who needed to change their mental position, etc, for you to learn from. The first chapter or two really get you thinking and engaged!! The only down-side to the book is that I don't feel she kept the engagement part up throughout the rest of the book and after the first little bit, I was really looking forward to continuing in that same manner. There is still a lot offered in this book and is a fairly easy read. I received it on a Tuesday and had it read by Sunday (I'm a homeschooling mom to littles, I don't get to read near as much as I'd like, but this kept me interested and so I found time for it!). If you've thought about earning money at home, or starting any business really, pick this book up, you'll be glad you did. 2 of 2 people found the following review helpful. Amazing! By kemivo This book is a must read for any person (mom or not) who wants to find a way to earn an income doing what they love while balancing family. Crystal Paine has put together an honest, down-to-earth guide of how to work from home while balancing life and all that it entails as well as helpful guidance for both those seasoned in running their businesses from home as well as those just starting out. I'd highly recommend it!

When it comes to finances, many of us feel strapped and stressed, buried under bills, worried about an uncertain future. Even if money is plentiful, we long for greater wisdom to manage it well. In *Money-Making Mom*, finance and family blogger Crystal Paine shares real-life stories, practical tips, and hard-won wisdom from the failures and successes that have carved her family's path to financial freedom. Paine blends insight with inspiration as she shares creative ways to manage money, generate income and--most importantly--live a life of deeper meaning, fulfillment, and generosity than you might have ever imagined possible.

"One of the most exciting trends I've noticed in the past decade is the number of at-home moms who are creating extra income by turning hobbies and passions into businesses. This is an area that's set to explode! That's why I'm so fired up that Crystal is providing hard-working moms a playbook for winning with a home business. Crystal's already made a name for herself doing this, and now it's your turn!" --Dave Ramsey, New York Times bestselling author and nationally syndicated radio show host

"There's got to be more than getting by with less, right? We all know it. But some of us feel trapped by our finances and don't know how to move forward. Thankfully, Crystal Paine's new book, *The Money-Making Mom*, reveals how to climb out of the hole so we can start using our wealth to benefit others." --Michael Hyatt, New York Times bestselling author, Platform, and blogger, MichaelHyatt.com

"Is there something special you are saving for: a home project, a trip with the kids or new piece of furniture? Do you find that if you could make some extra money, the monthly bill paying would be less stressful? Are you looking for a way to use your natural skills and talents to serve the needs of others to fund the needs of your family from your home? If this is your dream, Crystal Paine gives you all the practical steps to make this dream a reality for you in *The Money Making Mom*. Follow her fabulous advice and you will soon be planning how to best steward your extra cash!" --Dee Ann Turner, Vice President, Corporate Talent, Chick-fil-A, Inc., and author, *It's My Pleasure: The Impact of Extraordinary Talent and a Compelling Culture*
