Lorilee Craker : Money Secrets of the Amish: Finding True Abundance in Simplicity, Sharing, and Saving

before purchasing it in order to gauge whether or not it would be worth my time, and all praised Money Secrets of the Amish: Finding True Abundance in Simplicity, Sharing, and Saving:

0 of 0 people found the following review helpful. Good but no "secrets" By Heather M. This is a fun read with good ideas but not much is unique information. I enjoyed it as a reinforcement that I am doing many of the suggestions - kind of a "Good job, keep going" but I did not get any "secret". I would still recommend it though. 2 of 2 people found

the following review helpful. I Enjoyed ItBy Carole NussmeyerI found "Money Secrets of the Amish: Finding True Abundance in Simplicity" to be very enjoyable reading. Since I find the Amish interesting and am interested in thrift type books, it was a good combination for me. The author has a good writing style and a self deprecating sense of humor. She doesn't claim to be a thrift pro, but talks about what she learned from the Amish that would help both her and her readers. It wasn't so much a book of tips (which would probably make for dry reading), as many of these types of books are, but more of the Amish attitude that makes for a frugal life style.3 of 3 people found the following review helpful. My New OutlookBy Allan J.Wow, this is an amazing book to cope with today's economic problems. It seems the Amish have known how to cope with short money rations all along and after reading this book, so do I. I have decided to follow the information I read and try to see if I too can save some money in this crazy time. My wife is reading this book now and we share what we have learned from this book with each other. We are attempting to cut back on spending and try to save money-like the Amish. Great book, I suggest that everyone read it that's interested in putting back some money for the future.

Take one thoroughly modern gal with a recessionary income problem, mix with the practices of a culture that has proved to be recession-proof, and what have you got?A financial planner in a straw hat.When writer Lorilee Craker learned that the Amish are not just surviving but thriving in the economic downturn, she decided to find out why. What she found was about a dozen tried and true financial habits the Amish have employed for generations that will make your cash last longer and help you build wealth. Craker provides tips to...use it up, wear it out, make do, or do withoutrethink your gift givingrepurpose, recycle, and reuseeat like royalty for a peasant's pittance
