Kim Kiyosaki : Mujer millonaria (Spanish Edition) before purchasing it in order to gage whether or not it would be worth my time, and all praised Mujer millonaria (Spanish Edition):

1 of 1 people found the following review helpful. Book starts on page 33!By RoseThe book itself is great, but the copy we received starts on page 33! This was a gift for my mom, so you can imagine how dissappointed I was when she informed me her gift was defective. Thumbs down, things like these should be checked at some point in manufacture.0 of 0 people found the following review helpful. Five StarsBy ArisnaldajaquezI don't finish yet but I love this book and inspiration to have my own business in the future.1 of 1 people found the following review helpful. Five StarsBy
