Goes in depth into FERS, CSRS, Social Security, TSP, IRAs and more. Clearly written with great advice on each topic. I am 5 years away from retirement and learned an enormous amount from this book. Mandatory reading if you are within 10 years of Federal Retirement. The discussion on ROTH accounts was specially enlightening for me. The book emphasizes thinking about your tax situation during retirement and planning accordingly. 0 of 0 people found the following review helpful. Retiring is Complex!!
