Dr Penny West, Penny West : Organisational Learning in the Automotive Sector (Routledge Advances in Management and Business Studies) before purchasing it in order to gage whether or not it would be worth my time, and all praised Organisational Learning in the Automotive Sector (Routledge Advances in Management and Business Studies):

This book considers the concepts of organisational learning and the learning organisation, and critically examines their take up within the context of four contemporary work organisations in the European automotive sector. Within this dynamic environment, the pursuit and implementation of approaches that encourage individuals to learn and challenge

existing orthodoxy are now dominant on the management agenda. Changes to processes, structures, cultures and the employment relationship per se.
