A Fun and Informative Read (if now dated)By DTVI enjoyed this book very much and learned a great deal from it despite the fact that I've spent much time in NYC over the past forty years. I liked the vignettes which described how a wide assortment of people from various backgrounds eventually made NY work for them as a retirement destination. The book's only drawback is its age: it's currently almost 20 years

old and therefore seriously needs an update. I would also mention that most of the retirees described in the book entered retirement with considerably more disposable income than I will have. 1 of 1 people found the following review helpful. Good but too dated now By Customer Lots of tips but it seems a bit dated in 2012...sadly prices have gone higher and those areas that were "affordable" are really not now. 1 of 2 people found the following review helpful. Very disappointed with this book By Phillydad87 Out of date and not enough focus on what I thought it would be about. It's just a collection of personal stories. They are presented in a disjointed fashion. They don't really help illustrate why retiring in Nyc is a great idea. It does not give enough detail on how to go about the process of securing a place to live in Nyc. It does not help give me a sense of what retirement would be like in Nyc. A completely off topic book in my opinion.

This is not your parents' retirement. With this book as your guide, you can embark upon an active and often exhilarating retirement in the most fascinating city on the globe.

About the Author The authors have the verve, the style, and the smarts of lifelong New Yorkers. Yet, Janet Hays, principal author, moved from Buffalo to Manhattan at 50 and transformed herself from homemaker and full-time mother to a specialist in marketing and communications. An ardent ballet student, she took her first lesson at 62. Contributor Rita Henley Jensen moved to New York from Ohio at age 30. She became a prize-winning journalist and received the prestigious Alicia Patterson fellowship. She has served as president of her Manhattan apartment cooperatives' board of directors for more than a decade.
