Naresh K Malhotra : Review of Marketing Research: 10 before purchasing it in order to gage whether or not it would be worth my time, and all praised Review of Marketing Research: 10:

Edited by Naresh K. Malhotra, this volume of Review of Marketing Series delivers a high powered range of articles from leading researchers and universities. The work providing insights of interest to marketers throughout the discipline.

The tenth volume in this series takes a wide-angle approach to the ever-expanding field of marketing research, seeking to analyze accumulated knowledge and influence the future. Topics of these nine essays include analyzing whether assortment variety is too much of a good thing, critically reviewing consumer experience and experiential marketing, reviewing empirical evidence of customer reactions to conflict management from two service industries, designing and pricing digital content products and services, analyzing information asymmetry in a competitive market, integrating the multiple dimensions of country-of-origin effects, changing the architecture of global firms, researching audio and visual applications in marketing, and measuring value-in-context from a service-dominant perspective. Distributed in North America by Turpin Distribution. --Book News Inc. Portland, OR
