Robert T. Kiyosaki : Rich Kid Smart Kid: Giving Your Child a Financial Head Start (Rich Dad's (Paperback)) before purchasing it in order to gage whether or not it would be worth my time, and all praised Rich Kid Smart Kid: Giving Your Child a Financial Head Start (Rich Dad's (Paperback)):

4 of 4 people found the following review helpful. New perspective of some solid adviceBy CustomerAs a parent and teacher, I find the information in the book apropos to both the state of education and the need for parents to see schools as augmenting what their kids learn rather than the other way around. Having read most of his books, Kiyosaki

doesn't necessarily present anything new, but he offers the perspective of mentoring and protecting your child that helps both parent and child see the power in financial freedom. 0 of 0 people found the following review helpful. The book seemed excellent, in real examples of life of the author's ...By RoxanaThe book seemed excellent ,in real examples of life of the author's life teaches how his parents ,the rich and the poor taught him the value of creating a business of his own ,gives ideas and leaves a sense that we are all capable of performing it, the only thing that we need to invest in learning and if we do will be able to see what many can not do, create businessThanks to Robert Kiyosaki for taking the time to write something for the young0 of 0 people found the following review helpful. Highly recommendBy Happy1I listen to a lot of Financial podcasts during daily walks and they have been talking about this book. After hearing more than one recommendation I decided to get it for my son 13.We have been reading it together and we are both leaving new lessons. I recommend this book.

Rich Kid Smart Kid is written for parents who value education, want to give their children a financial head start in life, and are willing to take an active role to make that happen.In the Information Age, a good education is more important than ever. But the current educational system may not be providing all the information a child needsto thrive in today's fast-paced, ever-changing world. This book was designed to fill in the gaps and to give your child the same inspiring and practical knowledge that Robert's rich dad gave him.Rich Kid Smart Kid will show you how to awaken your child's love of learning. It will open doors that many never knew existed and give parents the tools and skills and real-world experiences (financial field trips!) that they can share with their child, knowledge he or she can use for the rest of their life. Are you worried that school isn't preparing your child for the real world? It probably isn't. Rich Kid Smart Kid can bridge that gap.
