Even with tons of PR experience working for someone else, it can be intimidating when thinking of stepping out on your own. This book will give you the "ah ha!" moment that you've been looking for. I've been in the business for 10 years solely working in government entity PR, while I knew my PR, I did not know how to focus that as an entrepreneur. Great tips, instruction and insight. I'd definitely recommend. 0 of 0 people found the following review helpful. A must read if you are starting a PR Business By Scott Voight This is
